

FRONT FRAMELESS DESIGN

「 Full Screen ^{PV MODULE} 」

NO RESIDUE OF WATER AND DUST

DAH Solar Innovation-Global Patented Product

Powerful self-cleaning ability, power generation can be increased by 6.15%* compared with regular module.

This full screen technical is suitable for all DAH solar module.

COMPREHENSIVE PRODUCTS AND SYSTEM CERTIFICATES

IEC 61215 / IEC 61730 / CE / INMETRO

ISO 45001:

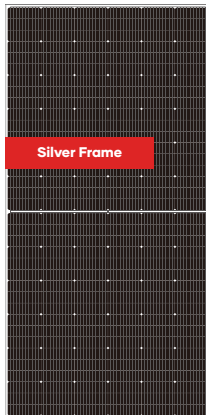

2018/International standards for occupational health & safety

ISO 14001:

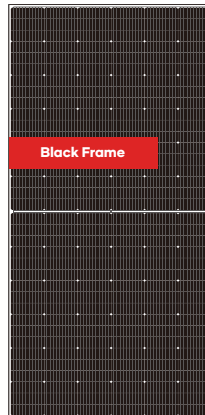

2015/Standards for environmental management system

ISO 9001:

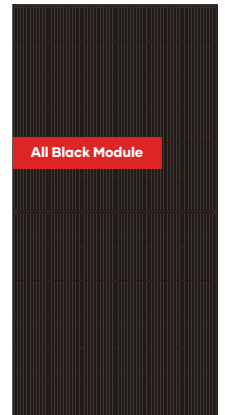

2015/Quality management system

Silver Frame

Black Frame

All Black Module

Three appearances for choosing, suitable for different installation scenarios

FULL SCREEN PV MODULE

Powerful self-cleaning ability

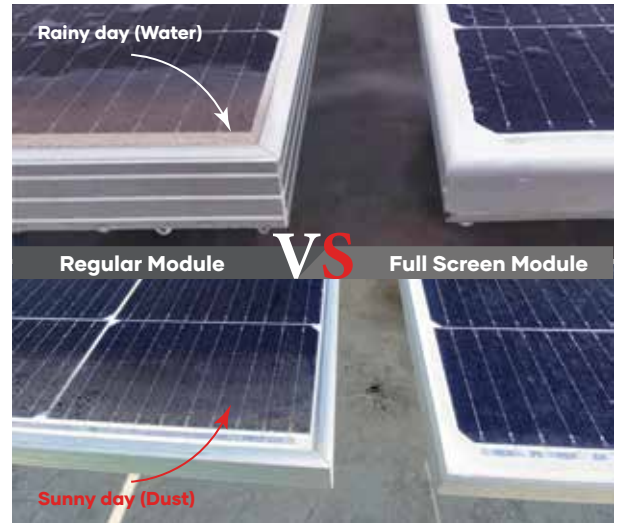

Why choose full screen Module ?

Front frameless design, No residue of water and dust

Reduce manual operation and maintenance costs

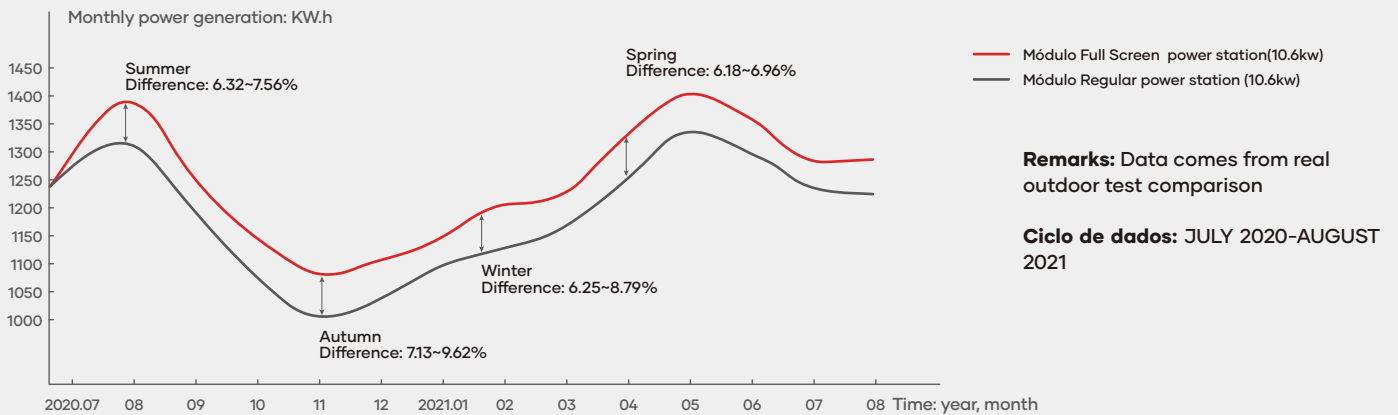

Powerful self-cleaning ability, Reduce the risk of hot spots

Innovative curved frame design to optimize installation and handling experience

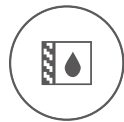

Regular Module VS Full Screen Module

Comparison of actual power generation data

POWER GENERATION GAIN RATE AND RELIABILITY HAVE PASSED TÜV AUTHORITATIVE CERTIFICATION

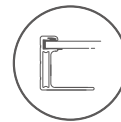

Full-screen Module won TÜV Outdoor Demonstration Quality and Efficiency Award

Waterproof Level
IP68

Load Capacity
Front 5400Pa
Back 2400Pa

Reliability
Revolutionary Packaging
Technology

Process Warranty
25-year
linear power output warranty
12-year
material & technology warranty

INSTALLATION METHOD

ONLY PASTE ANTI-SLIP MAT ON THE REGULAR CLAMPS

(EPDM anti-slip mat comes with the Module)
